Product Identification Numbers:

Important: The green dot indicates the device was inspected before sale. Therefore, the issue described in this document is not related to the product in your possession.

Issue Summary

We have identified a safety risk in certain units of the Hisense Tumble Dryers outlined above. The compressor wiring harness may be damaged due to contact with the support drum wheel. This can lead to overheating and potential hazards.

Affected Regions

This recall affects products sold in the following countries:

Czech Republic, Croatia, Denmark, France, Germany, Ireland, Netherlands, Poland, Romania, Sweden, Spain, Belgium, Luxembourg, Latvia, Lithuania, Estonia .

Albania, Armenia, Bosnia and Herzegovina, Montenegro, Serbia, UK & Ireland, Ukraine.

Regulatory Compliance

This recall is conducted in accordance with Regulation (EU) 2023/988, Articles 35 and 36, and complies with labelling and traceability obligations under Article 9(8). National market surveillance authorities have been notified via the Safety Business Gateway.

What To Do

If you own one of the affected products:

1. **Stop using** it immediately.
2. Check the model and batch number to confirm if your unit is affected.
3. Contact our support team to arrange a free in-home inspection and repair.

Important: If your device was manufactured outside of the period from the affected product, we can confirm that this issue is not relevant to your product.

Remedies for Consumers

Consumers are entitled to:

- Free in-home inspection
- Free repair of the affected unit (if necessary)
